

The EU and US rant over Kosovo

An interesting turn of events occurred regarding the Serbian province of Kosovo. No more do we hear from the 'brave' Albanian 'leader,' Thaci, making declarations that HE will defend every "inch" of Kosovo - apparently he has retreated to the protection of Madeleine Albright's skirt. Thaci is aware that if he pokes his nose from under the U.S. skirt it will get shot off!

Pieter Feith, EU

Lacking a brave Albanian 'leader,' the REAL CRIMINALS of Kosovo have been forced to emerge from the background. U.S. Under-Secretary of State, Nicholas Burns with special envoy to the EU, Pieter Feith, together are making 'brave' noises and all sorts of threats regarding the Serbian province of Kosovo.

Burns stated that "the United States will not tolerate or support any move toward partition be it informal, creeping or de jure." Someone is clearly confused - and it's not the Serbs or their allies!

Feith and Burns together reminded Serbs of the illegal U.S. bombing campaign of the 90's and the force that was used to fragment former Yugoslavia. Bad move, as those memories only serve to increase hostilities toward Western Imperialists and Albanian criminals. Few slaves in the region easily forget the pre-planned destruction of Yugoslavia by the Americans and their allies. Yet the LEGAL FACT remains, KOSOVO IS SERBIA and NOTHING alters that FACT, not even American denial!

So I'm sure I speak for every Serb on the planet when I say, take your threats and delusions and shove them up your star-spangled arse!

The slightest sign of foreign aggression on Serbian soil will meet with a swift response - but this time, gentlemen, we promise a most memorable event! You should be aware of our current capability should you foolishly choose to undertake a violent course of action. Failure to heed clear warnings now comes at a cost.

Perhaps we should remind YOU of Vietnam, Somalia, Iraq and Afghanistan; you are playing with 'fire' gentlemen, you are not dealing with tribals or unskilled fighters now!

The difference with Serbs is we take the fight to the 'pillow' of the enemy.
