

Of Fleas and Rodents

Hard reality hasn't deterred our lying little rodent, John Howard. Addressing a conservative 'think tank' in Washington Howard slammed the Rudd government for reversing his economic policies and labour 'reforms.' The 'small matter' of the largest foreign debt in Australia's history -- incurred under Howard and Costello -- was conveniently ignored by our lying rodent, Johnny. Here's a taste of REALITY Mr Howard - \$610 BILLION hangs over the head of the nation like a guillotine thanks to you and Costello! Who do you trust, indeed, you reprehensible LIAR!

Howard and Rudd, the rodent and the flea!

I do not write in defence of that ineffective, gutless, Rudd, who is running around the pacific wearing flower leis while the nation is left in the hands of bureaucrats and the corporate sector.

Rudd and Swan are too frightened to tackle the nation's problems head-on so they continue to blame the former government for their own inability to deal with the situation. Should we reiterate that (Asian) REGULATED economies have proven superior to the laissez-faire model of the west? Take the hint you incompetent, gutless, morons!

What we are witnessing with Rudd and Howard is two thoroughly incompetent fleas having a shit fight! God help Australia - never has the nation seen more incompetent and cowardly leaders in its history!

Keen to protect his (war) criminal arse, Howard slammed Rudd for withdrawing troops from Iraq - the scene of the new century's first holocaust - again brought to you by Howard and his mates Blair and Bush. It is now common knowledge the illegal Iraq war was based on lies and the need to appropriate oil supplies for America and other western nations!

Howard, lost in his own pathological lies, continues to rant of bearded terrorists that threaten the entire world - the fact that these extremists number less than the American mafia and have considerably less expertise and skills at their disposal is not mentioned!

Howard, Bush and Blair are war criminals - over one million innocent civilian deaths, four million

displaced persons and a ruined state testify to the fact!

Howard should face charges for his war crimes, but we know already that Rudd DOESN'T HAVE WHAT IT TAKES TO LEAD!

Whoever finds flea fights entertaining is welcome to pursue the pathetic antics of these two inadequate Australian 'leaders' -- the rest of us have better things to do!
